REACH Statement

Regulation (EC) No 1907/2006 of the European Parliament and of the Council of 18 December 2006 concerning the Registration, Evaluation, and Authorization of Chemicals (REACH), requires manufacturers and importers to the EC to communicate the possible presence of SVHC (Substances of Very High Concern) from the Candidate List in their products. The Candidate List of SVHC's can be found at <http://echa.europa.eu/candidate-list-table>.

Carbidetek Inc. supplies tungsten carbide blanks and preforms that do not contain any substances on the Candidate List of SVHC's above the threshold levels defined by REACH, as of the date of this statement.

We will do our best to keep you updated in the future if our products should contain any SVHC substances that are added to the Candidate List in the future.
